

STUART J. SHELLEY, Ph.D.

Principal

Etegent Technologies, Ltd

VITA

Dr. Shelley is a Principal of Etegent Technologies, Ltd., a small, high technology, R&D focused company conducting state-of-the-art research in a range of areas including automatic target recognition utilizing radar, LADAR, image, vibrometry and other data types; health monitoring of turbine engines and other assets; nondestructive inspection data management and mining; mechatronic product development, and other areas. In his role as one of two founding and managing Principal Founders Dr. Shelley is responsible for overall management of the Etegent R&D Division, including his first love, contributing to the technical guidance of various R&D projects.

Prior to forming Etegent Technologies (formerly Sheet Dynamics Ltd) Dr. Shelley conducted research and consulting in a wide range of technologies and applications. This included development and commercialization of technology for improving system dynamics of industrial and military systems and processes with emphasis on manufacturing and processing of rolled sheet metal and sheet paper product. Dr. Shelley conducted extensive research and consulting in the area of testing, modeling, control and design of dynamic systems. This work has encompassed applications in machine tools, paper processing, sheet steel coating and rolling, rotating equipment in many process industries, aircraft, space structures, civil structures, tracked and wheeled vehicles, process instrumentation, and others. Dr. Shelley was involved with the University of Cincinnati, Structural Dynamics Research Laboratory (UC-SDRL) for 14 years as a graduate student, Post Doctoral Researcher, and Research Assistant Professor. He has consulted with 40 national and international companies and government organizations and has conducted sponsored research for numerous corporations and funding agencies.

EDUCATION

Ph.D. 1991 University of Cincinnati

MSME 1985 University of Cincinnati

BSME 1980 University of British Columbia

EXPERIENCE

1996-Present, Principal, Etegent Technologies Ltd., (formerly Sheet Dynamics, Ltd.)

1992-1997 University of Cincinnati - Structural Dynamics Research Laboratory,
Research Asst. Professor,

1992 University of Cincinnati - Structural Dynamics Research Laboratory, Post Doctoral
Assistant

1986-1992 University of Cincinnati - Structural Dynamics Research Laboratory,
Research Assistant

1986-1997 Engineering Consultant – Vibration, Rotating Equipment, Structural
Dynamics, Controls

1985-1986 General Motors, CPC Noise and Vibration, Engineering Consultant

1983-1986 University of Cincinnati, Structural Dynamics Research Laboratory -
Research Assistant

1981-1983 Brown Boveri Howden, Service Engineer

CONSULTING CLIENTS

1997 Cincinnati Incorporated, Inc.
1996-1997 PCB Piezotronics Ltd.
1996-1997 MicroMotion Inc.
1995 AMTRAK
1995 Engineering Design Systems
1995 Army Research Laboratory, Adelphi
1995 Monarch Machine Tool
1995-1996 Abitibi Price, Inc.
1995 M&M, Inc
1995 Systems Research Laboratories
1994-1995 TMS Inc.
1995 Institute of Advanced Manufacturing Sciences, Inc/Jacobs Chuck
1994-1996 Institute of Advanced Manufacturing Sciences, Inc/LTV Steel Co.
1994-1995 Steven Schaefer Associates, Inc.
1994 Army Research Laboratory
1993 International Techne Group Inc.
1992 Cincinnati Milacron
1989 deHavilland Aircraft Co./Anatrol Corp.
1989 International Techne Group Inc.
1989 Leland Electrosystems, Inc.
1988-1989 Ingersol Milling Machine Co./Ford Motor Co.
1988 Wright Patterson Air Force Base
1988 Cincinnati Test Laboratories
1988-1989 Quixote Measurement Dynamics, Inc.
1985-1986 General Motors Corp.
1985 B.F. Goodrich Ltd. / O'Donnel and Associates, Inc.
1985 Metaltech Ltd. / O'Donnel and Associates, Inc.
1985 Ideal Electric Co. / O'Donnel and Associates, Inc.
1985 Metcut Research Associates Inc.
1985 Applied Research Inc. / U.S. Army, Redstone Arsenal
1984 Shawinigan Consultants Inc.
